

Title: BOOK

Abstract

5      The present invention relates to a book (1) comprising a plurality of pages bound together and divided into different sections (2,3,4) adjacent to each other; each of the sections comprises at least one page (2A,3A,4A) of a first type and at least one page (2B,3B,4B) of a second type; all the pages of each section have the same shape; pages of different sections have different shapes; when the book is closed, the combination of the different sections (2,3,4) forms a subject in relief.
